Back from Bowie.

Scott White and Chas. Bradley returned today from Bowie, bringing with them Jackson, the stage robber who was caught near Cave Creek.

He will have his examination on Monday. U. S. Marshal Meade will be here at that time.

Jackson does not have much to say. He volunteered the information that he could have killed a couple of his pursuers and got away, but concluded that it would go hard with him if he did.

The other robber has been taken to Tucson. It is said that he has made a full confession of the crime. Neither man made a fight when overtaken. Marshal Meade and Deputy Bradley took the trail of the robbers and kept with it until Bowie was reached, which was about the time that the posse from Bowie overtook Jackson at Cave Creek.

The whole affair and capture was well handled, and will do much to detract from the romance of stage robbing in Arizona.

Judge Sloan has denied the motion for a new trial in the case of Welch vs. Seaverns, and twenty days given to file bill of exceptions, and thirty days to file statement of facts on appeal.

The location of one hundred and sixty acres of coal land in Emigrant canyon, Chiricahua mountains, was filed for record today. The locators are H. M. Green, Carrie Boyd and Annie Green.

Fry's industrial army put thirty professional thieves off the train twenty-five miles from Deming. When they reached El Paso a steaming hot meal was ready for them at the city hall.

Burt Frye, the postmaster and a prominent merchant of Safford, is in town as a witness in the examination of Jackson, the stage robber. Mr. Frye will identify the money found on him as having been sent through his office.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop of Portland Mills, Indiana. That is right. They know it to be superior to any other for colds and as a preventive and cure for croup, and why should they not insist on having it. 50 cent bottles for sale by T. J. Brown, Jr., druggist.

A telegram from Solomonville says that on Thursday an agreement was reached by which the new road will go to Solomonville and the first depot on the line will be there. The road will reach Solomonville by July 1st, and Thomas by October.

Burt Dunlap has decided to ship about a thousand head of three-year-olds east, which he will pasture near Bazar, Kansas, and for that purpose ordered forty-five Santa Fe stock cars to be here, ready for shipment by April 25th.—Stockman.

Our readers will find Simmons Liver Regulator advertised in these columns. We advertise it, and use it, and we commend it as a safe and excellent medicine. We became acquainted with it in Georgia where it is a standard family medicine. We do not deny the merits of other preparations but simply state that this one commands confidence. From the "Journal" Lancaster, Minn. 20

If cattle buyers would when they come to Arizona get out in the country, and see the smaller cattle men, they could get hold of desirable shipments that they never hear of when they stop in the large towns and wait for some one to bring cattle to them. It is a fact that most cattle buyers deal only with large cattle owners and pay no attention to a superior class of stock which can be had at rock bottom figures.

Important to Cattlemen.

J. M. Holt the large cattle buyer from Montana, telegraphs to one of our cattlemen that he cannot come into Arizona to pay the prices of the past year, that the cattle market will not justify the past prices, but that he is inclined to come to Arizona provided he can buy cattle for what he feels he can afford to pay, which is \$1 a head less than last year. Mr. Holt wants assurance from the cattle owners before coming to Arizona, and we have no doubt will be communicated with by those in interest. Mr. Holt has uniformly bought from eight to fifteen thousand head per annum in Southern Arizona being by far the largest individual purchaser of steers during the past six years.—Citizen

A new lot of Boys' Shoes of all kinds just received by Warnekers.

In the land court yesterday argument in the Sonita case was finished. The matter was submitted and taken under advisement. The attorneys in the other cases set for hearing were not prepared to go to trial, and court adjourned until Monday.

A telegram last night from Solomonville stated that Sheriff Olney of Graham county captured the other stage robber near Curtise. He was taken without a struggle. He gives his name as Frank Martin, and it is understood he has made a full confession. The name of the man caught near Cave Creek is Jack Johnson.

FOR OVER FIFTY YEARS.

An old well-tried remedy.—Mrs Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

The Copper Queen Co. is piling up its bullion at Bisbee until its new road is constructed or the N. M. & A. makes a better rate. THE PROSPECTOR is informed that the receivers recently appointed for the Santa Fe system are the cause of the trouble between the railroad company and the Copper Queen Co. over rates on bullion shipments.

The Modern Ideal.

Has tastes medicinally, is keeping with other luxuries. A remedy must be pleasantly acceptable in form purely wholesome in composition, truly beneficial in effect and entirely free from every objectionable quality. If really ill he consults a physician; if constipated he uses the gentle family laxative Syrup of Figs.

Professor Douglass is again flirting with Venus through the glass from the top of the Tempe butte. The News says that until about eight o'clock the conditions were all that could be asked, and the professor was greatly pleased; at this hour, however, a strong wind arose which prevented further observation. Prof. Douglass will give another trial.

Col. Hafford returned today from San Francisco. He left his business there in competent hands and will remain here for some time. He has added a machine show to his museum which is a drawing card. He took in \$300 on St. Patrick's day, which was the first day he showed the new attraction. He has had some tempting offers for his privilege, but refused them all. "Luna, the Maid of the Moon," is the new attraction. He appreciates Arizona sunshine again, which he says never appeared so good before.

Three days is a very short time in which to cure a bad case of rheumatism, but it can be done if the proper treatment is adopted, as will be seen by the following from James Lambert of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once. 50c bottles for sale at Brown's drug store. M
